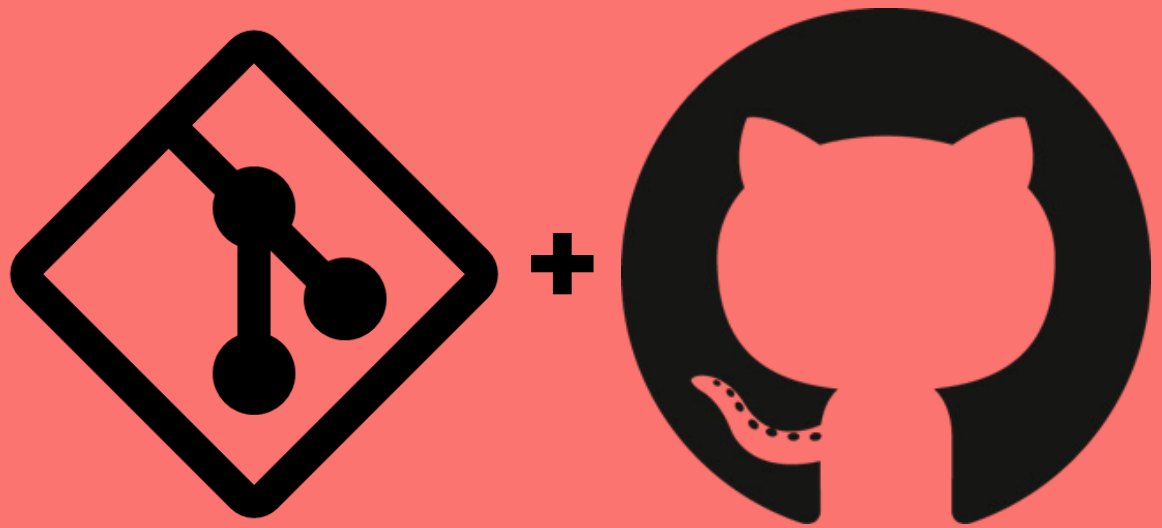
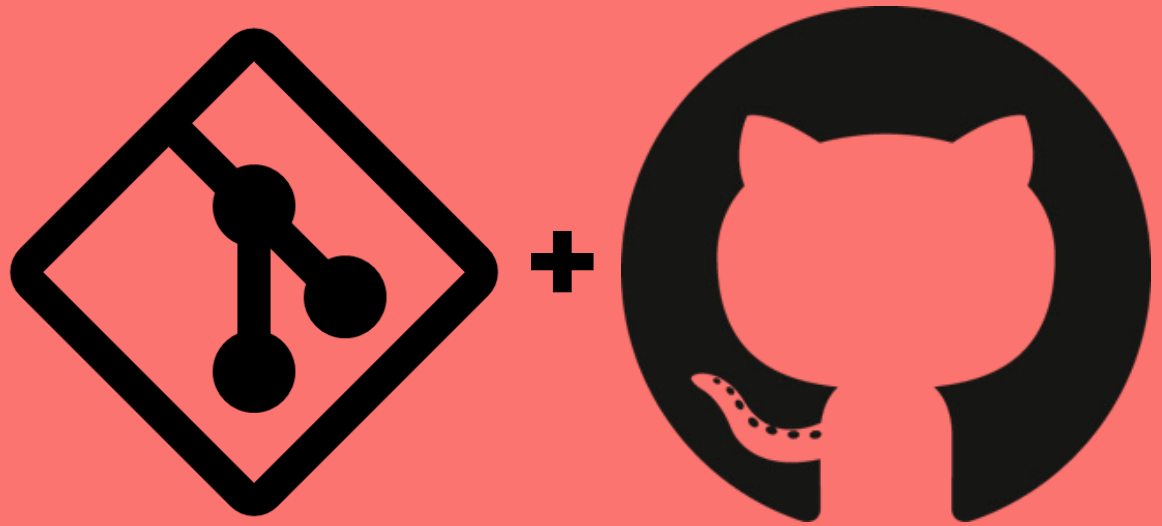
# Git

## In Practice



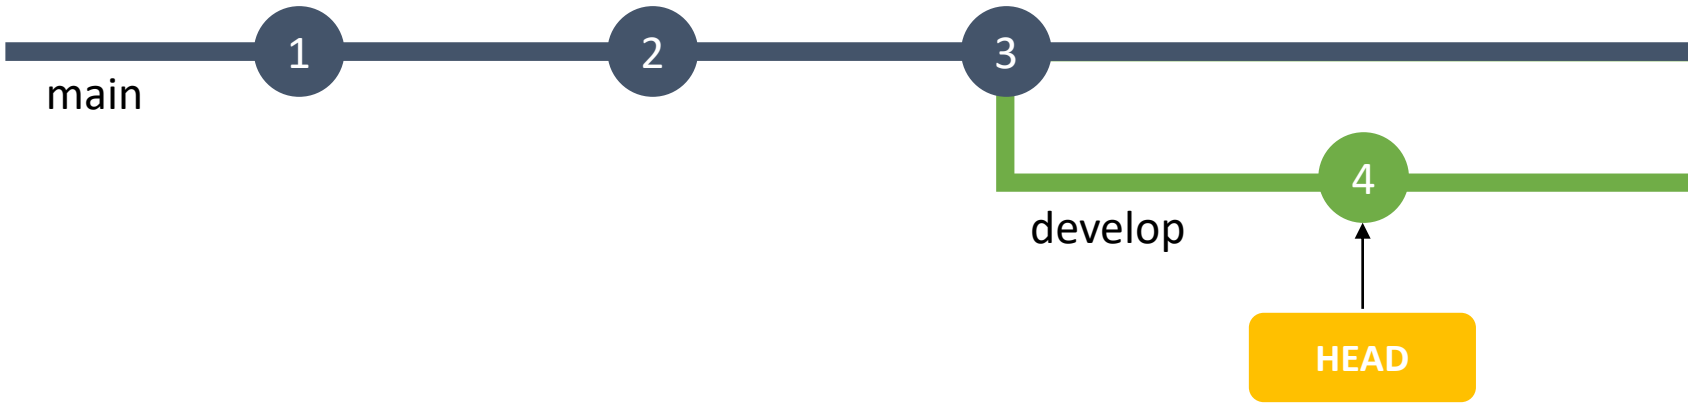
# Git

## In Practice

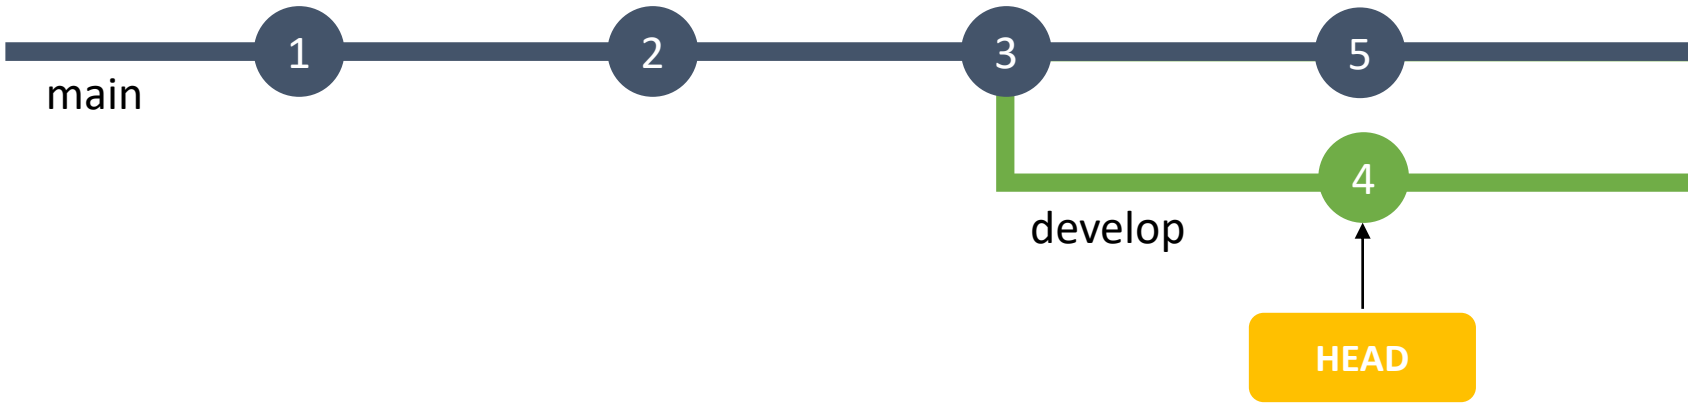


1. git cherrypick
2. git rebase
3. merge vs rebase

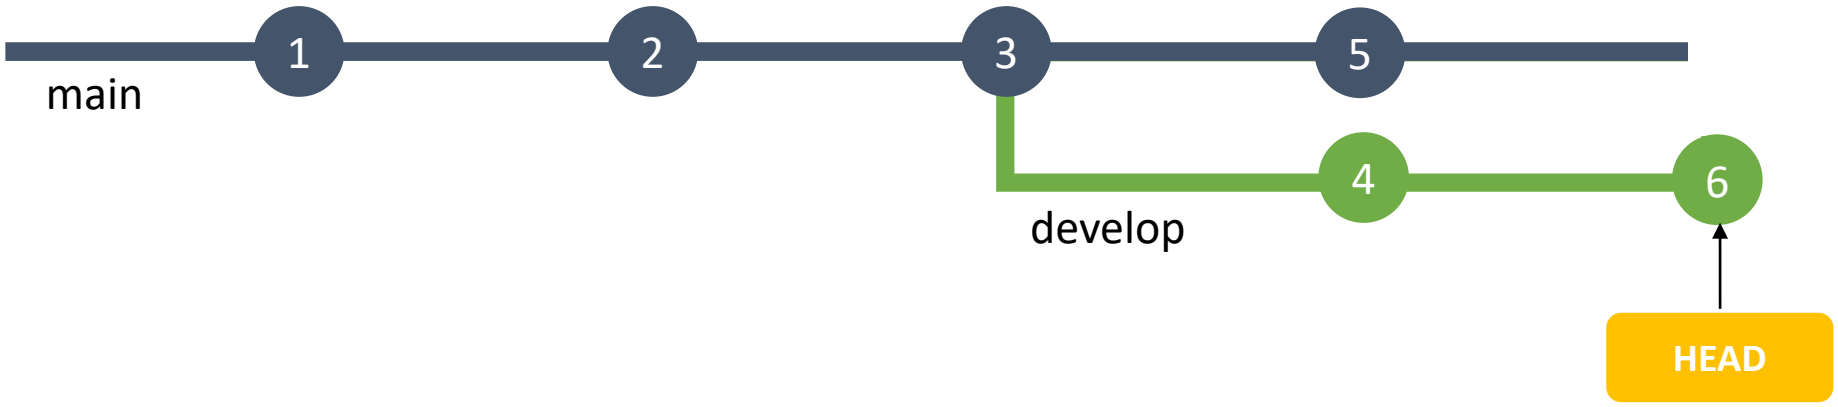
# What is rebase?



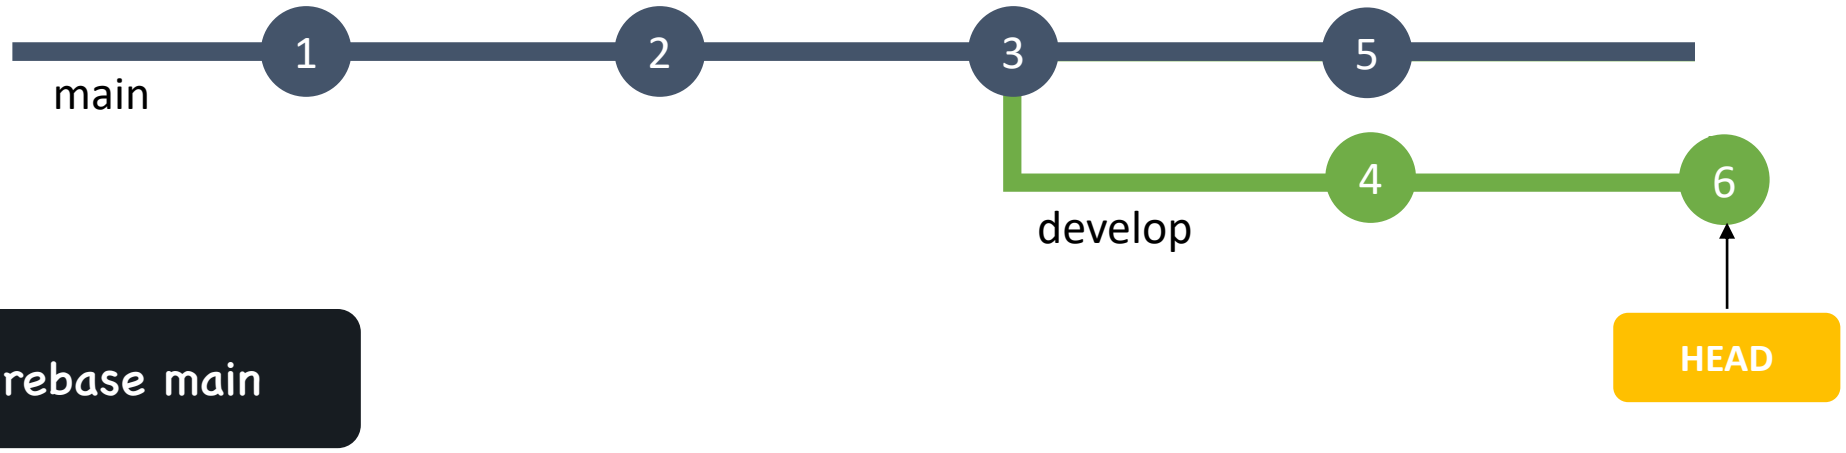
# What is rebase?



# What is rebase?

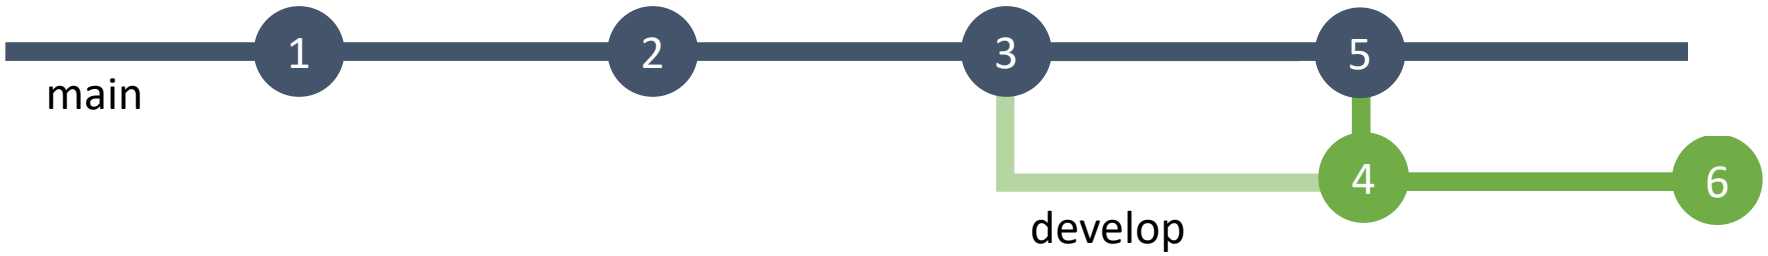


# What is rebase?



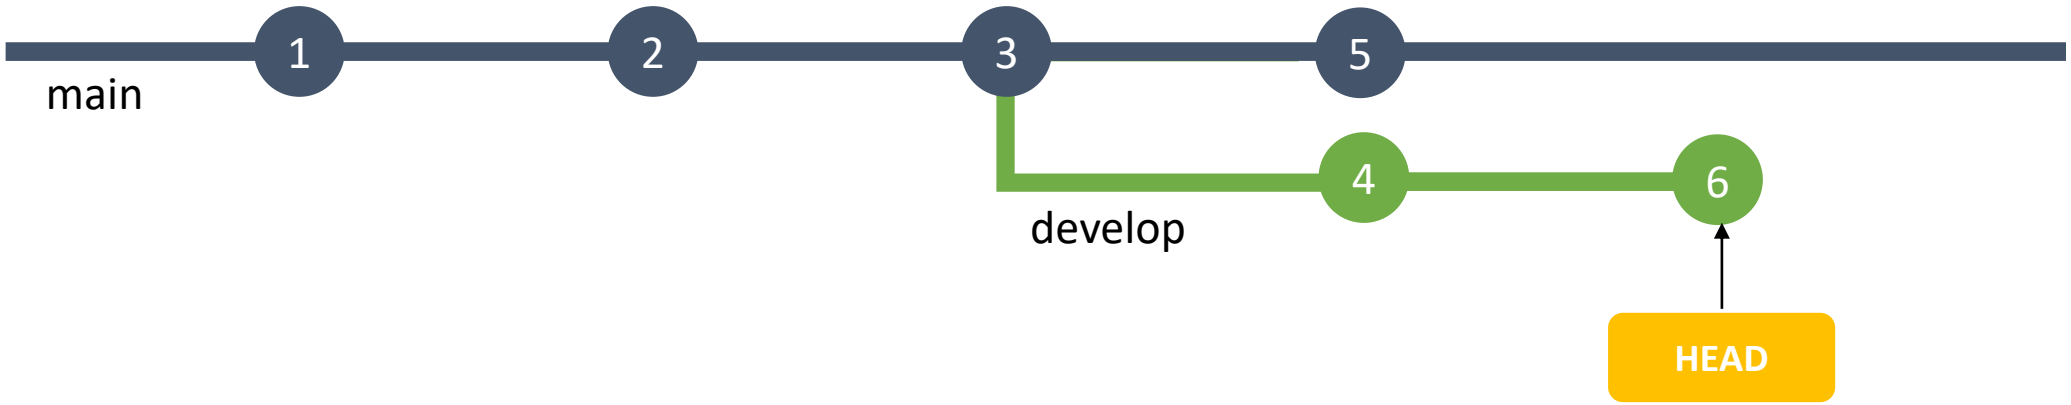
```
$ git rebase main
```

# What is rebase?

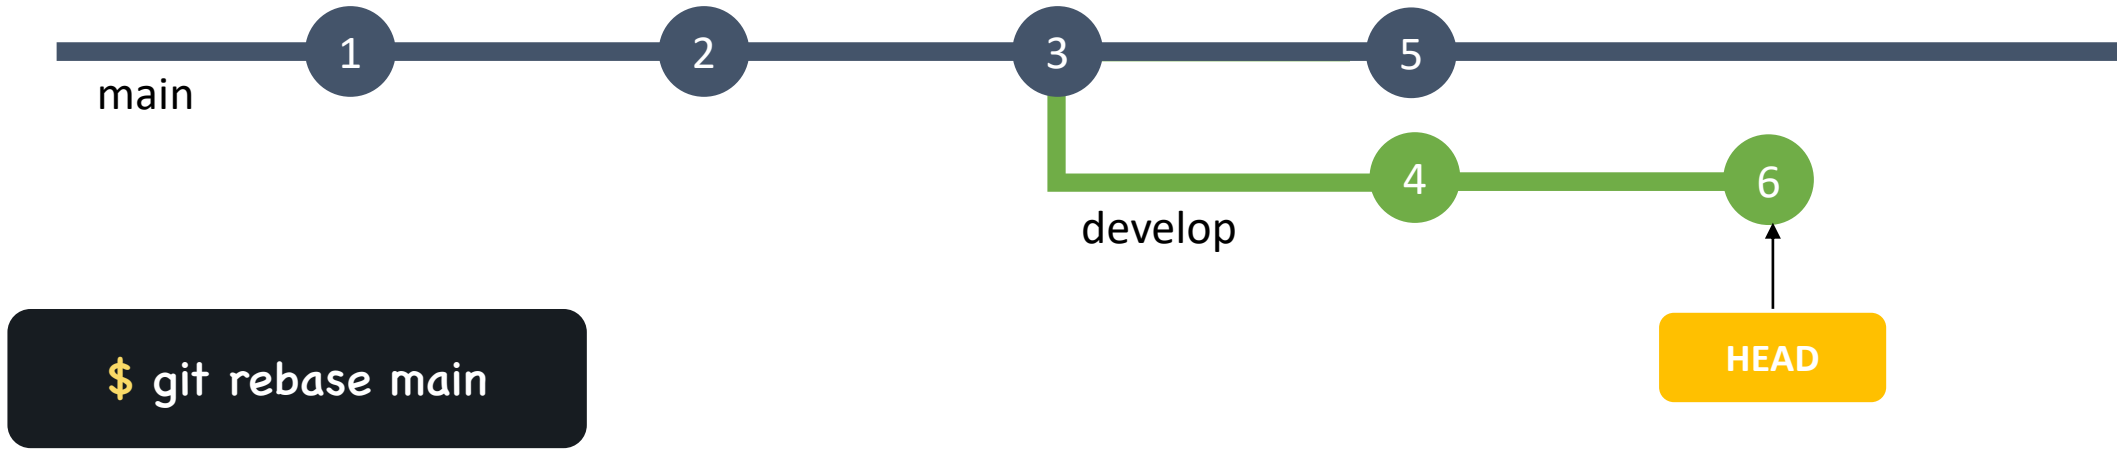


# What is rebase?

# What happens?

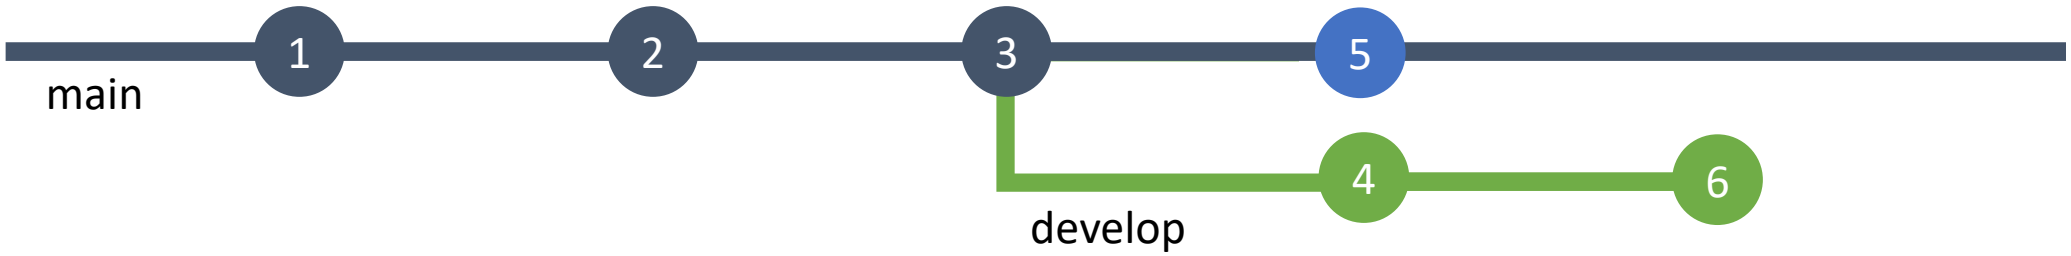


# What happens?

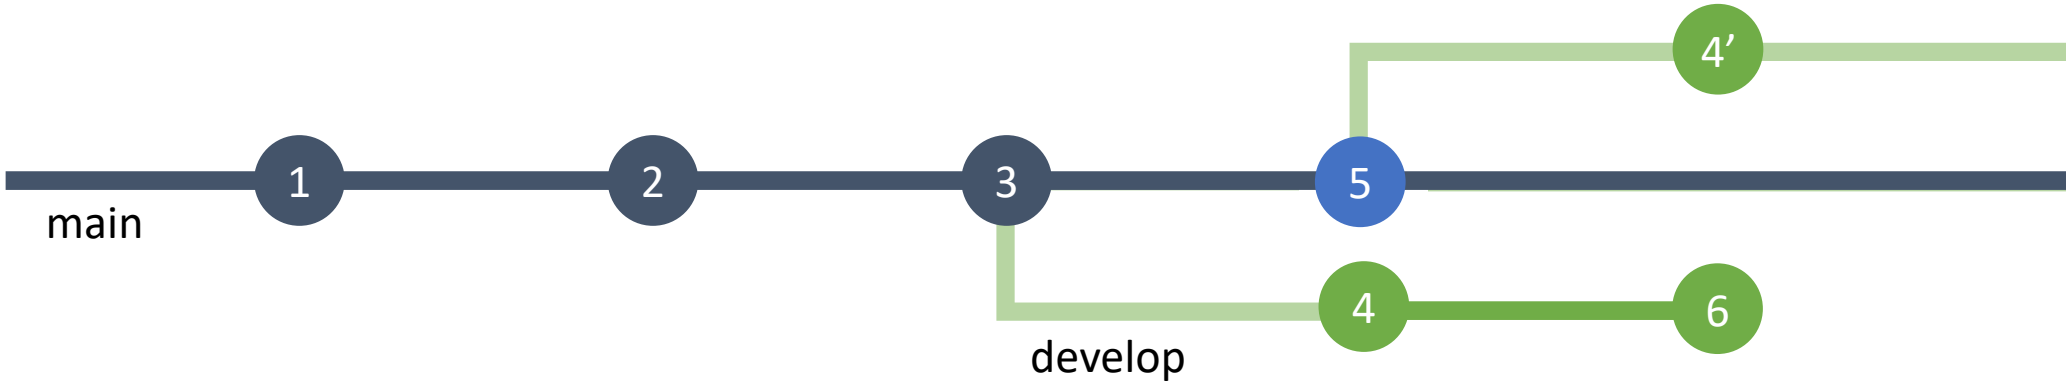


```
$ git rebase main
```

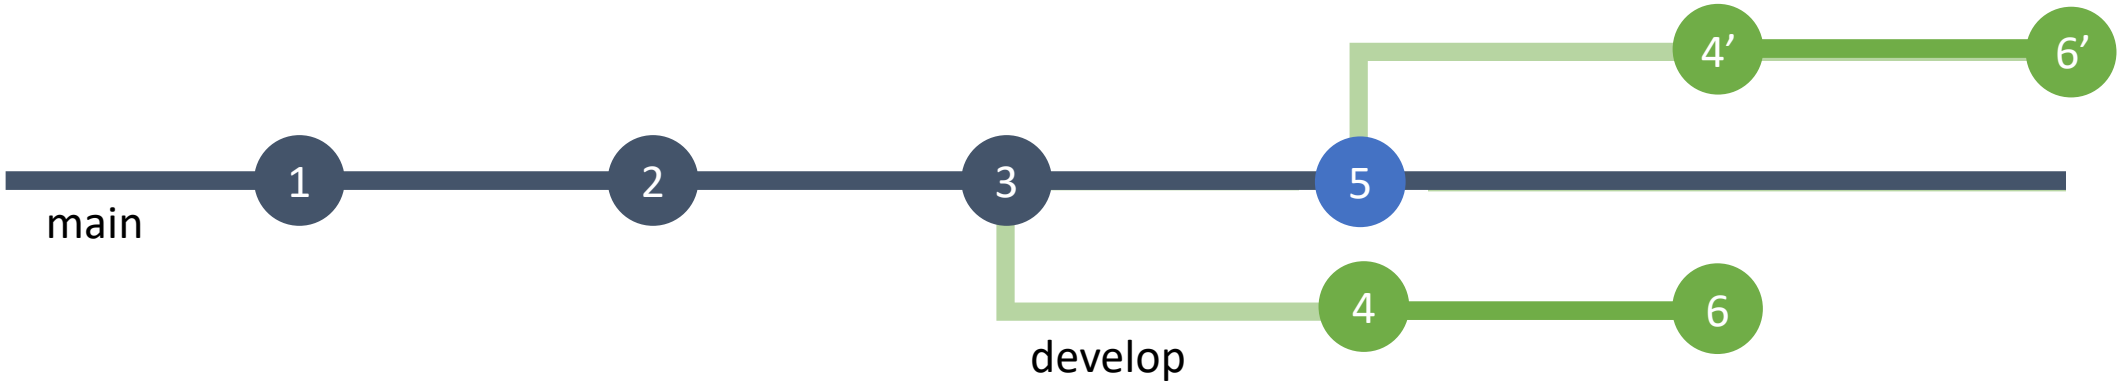
# What happens?



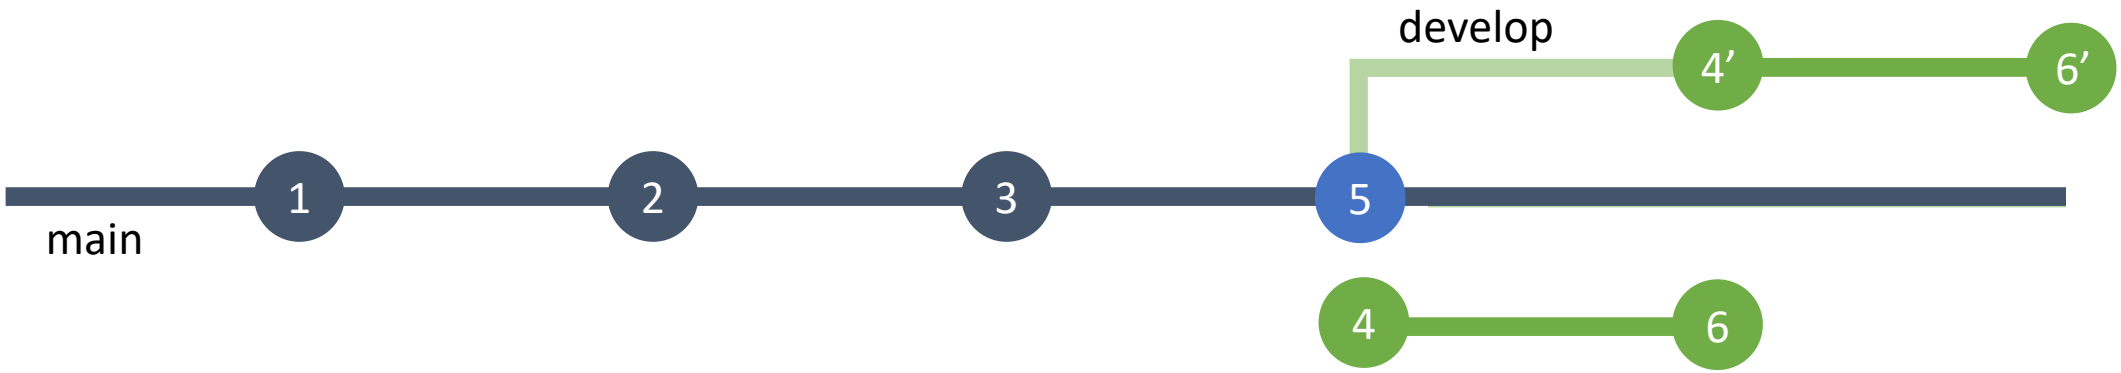
# What happens?



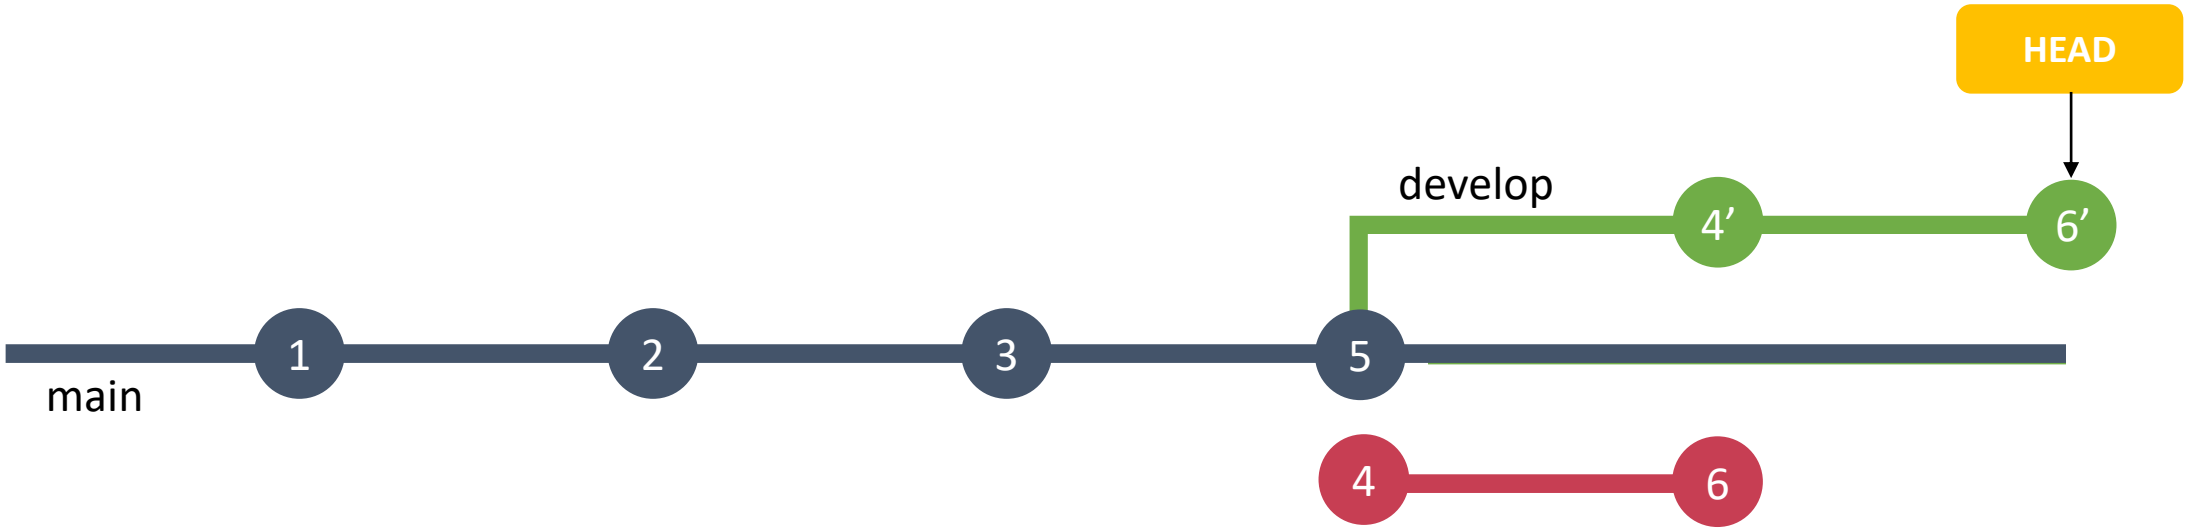
# What happens?



# What happens?



# What happens?



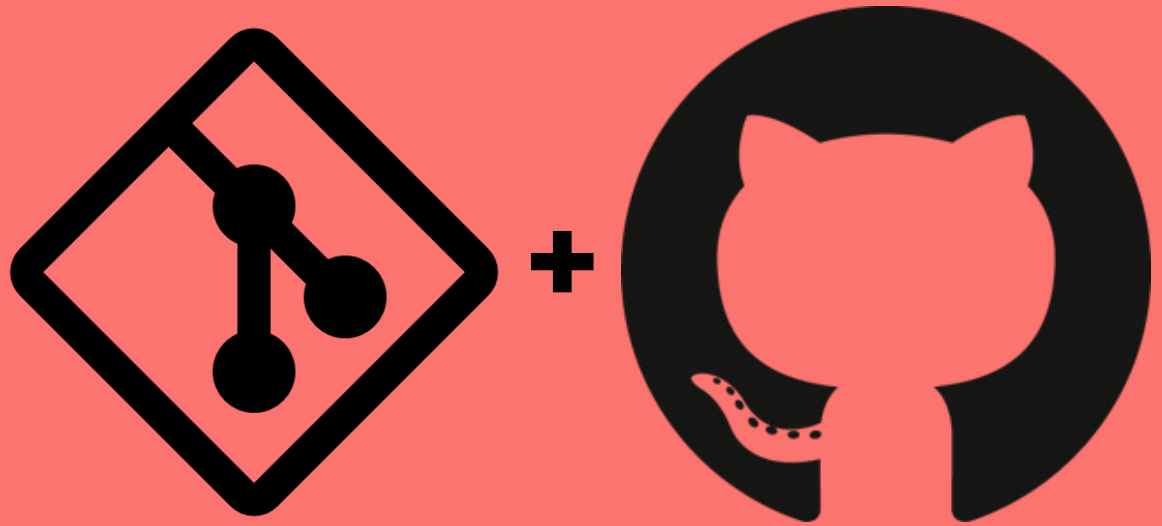
# git rebase

1. Fast Forward Merges
2. Merge commits – Merges that create a new snapshot

Let us practice

# Git

## In Practice



1. git merge
2. git rebase
3. merge vs rebase

# merge vs rebase

1. Fast Forward Merges
2. Merge commits – Merges that create a new snapshot
