In Practice

Garbage Collection and Branches

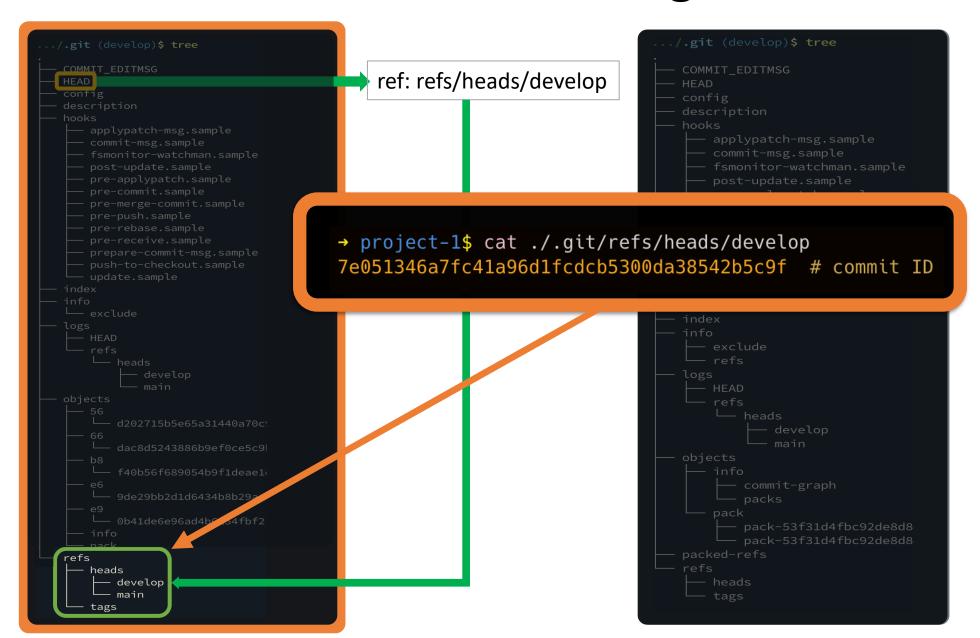

Garbage Collect

Before Garbage Collect

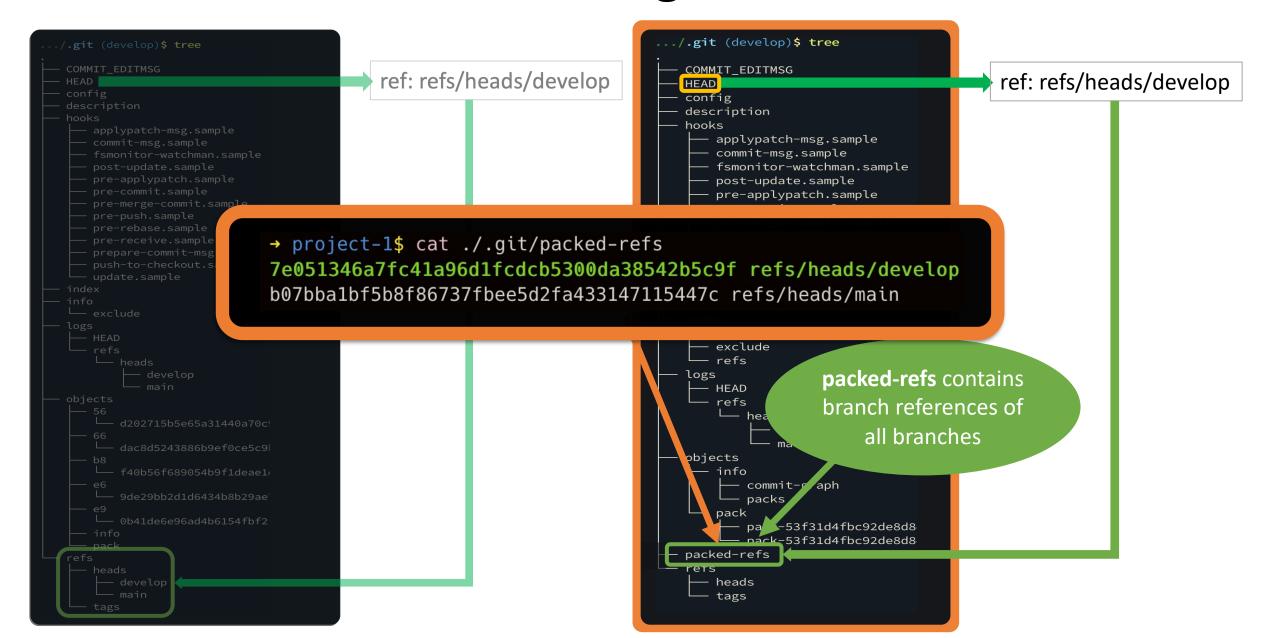

Before Garbage Collect

After Garbage Collect

After Garbage Collect

Manually Trigger Garbage Collect

```
→ project-1$ git gc
Enumerating objects: 5, done.
Counting objects: 100% (5/5), done.
Writing objects: 100% (5/5), done.
→ project-1$ cat ./.git/packed-refs
7e051346a7fc41a96d1fcdcb5300da38542b5c9f refs/heads/develop
b07bba1bf5b8f86737fbee5d2fa433147115447c refs/heads/main
→ project-1$ cat ./.git/refs/heads/develop
cat: ./.git/refs/heads/develop: No such file or directory
```
